## SUMMARY

---

Aspiring Front-End Developer with foundational skills in HTML, CSS, JavaScript, Git, and GitHub. Passionate about creating responsive and user-friendly web interfaces and eager to apply and expand technical knowledge through practical projects and collaborative environments. Currently pursuing an undergraduate degree with a strong commitment to continuous learning and professional growth in web development.

## WORK EXPERIENCE

---

### Aspiring Front End Developer

Sep '23 — Jun '25

Currently seeking my first professional opportunity in web development.

- Practicing responsive design using Flexbox and Grid
- Utilized Git and GitHub for version control and collaboration on personal and open-source projects.
- Actively building real-world projects to strengthen core skills in HTML and CSS

## SKILLS

---

**Languages** HTML, CSS, JavaScript

Git & GitHub, VS Code

Responsive Design, Flexbox, Media Queries

Quick Learner, Teamwork, Communication, Time Management

## PROJECTS

---

### Amazon-Clone [Link](#)

Jan '25 — Mar '25

- Built from scratch to closely match Amazon India's homepage UI
- Clean, responsive layout optimized for desktop and mobile.
- Developed using semantic HTML and modular CSS for maintainability.
- Sticky header with logo, search bar, and cart icon
- Category banners, product cards, and structured footer.
